

Pull out all the stops.

M6toll

Welcome to the M6 Toll – the most exciting development in British transport history for many years. As a free-flowing alternative to the M6, the M6 Toll offers reliably shorter journey times and is recognised to be a key strategic route through the West Midlands.

M6toll

Dramatically reducing journey times through the West Midlands.

- Faster journeys and less time spent in hold-ups reduce the number of lost man-hours. Prior to the M6 Toll, gridlock was costing the West Midlands £2 billion per annum.
- The M6 Toll relieves the M6 which, in turn, relieves the local transport network and reduces congestion in towns and villages.
- Reliable journey times reduce stress on motorists which, in turn, reduces the risk of accidents.
- Free-flowing traffic results in safer driving conditions.
- Tags allow easy passage through the tolls, and full management account information for businesses.

Looking after people.

- The RoadChef service area at Norton Canes offers motorists the chance to refuel, relax, hold meetings and even book overnight accommodation.
- CCTV and emergency roadside telephones are all included along the M6 Toll.
- The M6 Toll uses noise reducing asphalt, significantly reducing the environmental impact, and providing a more comfortable journey for the motorist.

A choice of entry and exit points

You can join the M6 Toll at various junctions along the road. You just either pay at a junction, or at one of two main Toll Plaza stations which stretch across the whole motorway at Great Wyrley on the northbound carriageway and Weeford Park on the southbound carriageway.

Fair pricing

The toll system automatically classifies vehicles and charges separate rates for each category, depending on the size of the vehicle. Each time you pass through a Toll Lane our sensors tell us how many axles your vehicle has and how high it is from the point of the first axle. This tells us which class your vehicle falls into.

What class is my vehicle?

Vehicle Class	Number of Wheels	Number of Axles	Height at 1st Axle*	Vehicle Illustrations
Class One	Under 4		Any	
Class Two	4 or more	2	Under 1.3m	
Class Three	4 or more	More than 2	Under 1.3m	
Class Four	4 or more	2	1.3m or more	
Class Five	4 or more	More than 2, 6 or less	1.3m or more	
Class Six	4 or more	More than 6	1.3m or more	

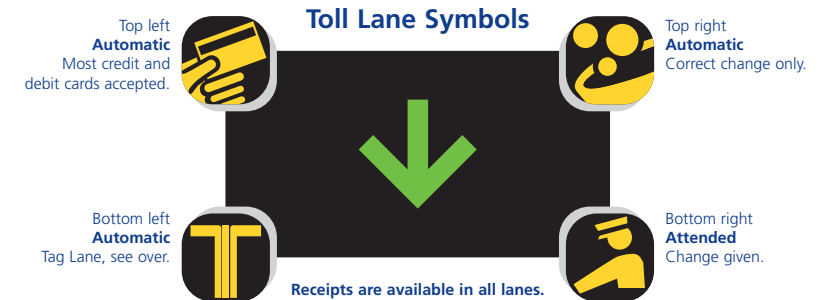

*The measurement is taken from the ground to the top of the vehicle at the point of the first axle, visit www.m6toll.co.uk for full details.

The price you pay depends on the classification of vehicle you are driving. For full and up to date details of all our prices, please call our Customer Services team on **0870 850 6262** or visit our website www.m6toll.co.uk/pricing

Rates alter according to the time of day. Payment can be made at either an attended lane booth, using most major credit/debit cards (not American Express), in cash, or at an automatic booth, using credit/debit cards or coins only (we do not accept 1, 2 or 5 pence pieces and no change can be given).

We have dedicated card payment lanes:

- **You don't need to sign or enter a PIN.**
- **If you want a receipt, you just press the button.**
- **There is no surcharge for using a credit or debit card.**

	Entry points	Exit points	Toll stations
T1	Northbound from A4097 Southbound from M42	Northbound to M42	
T2	None	Southbound only	
T3	Northbound and Southbound	Northbound and Southbound	On Entry (S) On Exit (N)

Tag Along!

You can also pay in advance of your journey using our Tag system.

Tags are the M6 Toll's electronic payment system. **They're the easiest, most efficient way for regular travellers to pay**, allowing you to cruise through a Toll Lane without having to wait behind other motorists who are paying with cash or credit card. The Tag system automatically calculates the correct fee for you and you are provided with monthly statements detailing all transactions and VAT.

To open an account, just go online at www.m6toll.co.uk, call our Customer Services team on **0870 850 6262** between 08.30 and 17.30 weekdays, or visit the Motorway Service Area at Norton Canes between 08.00 and 20.00 weekdays.

Class 2 – Car

Class 5 – HGV

M6 Toll provides a dedicated Tag lane at our Great Wyrley and Weeford Park toll stations, where the Tag (T) symbol and an arrow will direct you down the wide load lane. You can also use one of the standard lanes with a T symbol, available at all toll stations.
