DISCOUNT  
FOR 3 MONTHS

## Your quickest route through the West Midlands

**A time saving of up to 52%** compared to M6 and other local routes such as A5, A38 and A446. Allowing you to schedule more loads into your working week.

**A fuel saving of at least 2.3mpg** compared to local alternatives. Allowing you to invest in your business or recruit more drivers.

**Reduced driver hours** ensuring your drivers' time is fully optimised.

**Personalised customer service** with a dedicated account manager to reliably respond to your needs.

**Improved driver retention and welfare** when using the M6toll and could form part of your business benefit package for your drivers.

**Reduced maintenance costs** due to less braking/cornering with 27 miles of congestion-free driving ensuring your vehicles and drivers don't feel the fatigue.

**Safe handovers** compared to M6 and other local routes such as A5, A38 and A446, with secure facilities for drivers at Norton Canes Services including CCTV in full operation.

**30x less likely** to be involved in an accident on the M6toll vs M6. Meaning your vehicles keep flowing freely and less back office administrative costs are incurred.

The M6toll Business Development Team is dedicated to supporting businesses like yours to get the most out of your routes
