

Personal Account

Terms & Conditions

Personal account covers journeys made on the M6toll using any junction.

Eligibility and exclusions

There is a maximum of 5 vehicles permitted on a personal account. Should you require more than 5 vehicles then a business account may be more suitable.

Personal account customers must use their TAG. Failure to fix and display the TAG in the windscreen correctly may result in incorrect charges and delays when entering or exiting the road.

No minimum contract can be cancelled at any time. All other TAG terms and conditions apply.

Billing and payments

A valid payment card must be registered to the account, and a minimum initial deposit of £30 is required. Your journeys will be added to your account and a 5% discount applied. When the balance of your Personal account reaches £15 an automatic top-up of your chosen amount minimum £30 will occur. A TAG lease fee is payable, at £1 per month.
